Dinner Meeting

Incident Response (IR)

By:

Michael Tyk, NOVACOAST
Vice President of Advisory Services

Michael leads the Security Advisory Services; for Novacoast. Security Advisory services to assists client with predicting, preparing , detecting, and responding to modern threats by increasingly sophisticated attack actors. He is a trusted advisor to Security and Technology executives, as well as a member of senior management to our customers, where he provides incident readiness strategy, direction, governance, compliance, industry trends and threat landscape evolution. Assisting clients who require an experienced leader to step in and take charge of building a security program from the ground up and helping evolve existing security programs into their next stage of maturity.

Michael has managed cross-functional teams in the design, implementation, testing, and launch of leadingedge security and business recovery technologies. His specialties include developing information security management policies and procedures, implementing breach response plans, conducting application threat analyses, and assessing infrastructure vulnerabilities. Previously, he led the enterprise risk management practices at two of the former Big Six accounting firms and has served corporations in both the CISO and CIO roles.

Space is limited. Please RSVP as soon as possible.
